I had a fun at naper settlement.  
We went to a mansion called  
Michael Mitchell Mansion. we  
also got to see how a long time  
ago how other people use to live.  
We learned about a place called  
black smith, and my favorite  
part was when we got to go to  
the mansion and the school. I wish  
I can go to Naper settlement again.
